PASSENGER TRAVEL.

ARRIVALS. BY GILMER & SALISBURY'S HAMILTON LINE Ike Phillips

SENTENCED. - Judge Allen yesterday morning sentenced Jno. Doe Weyland to 140 days confinement in the county jail for malicious mischief. The gentleman was conveyed to Chief Birdsall's headquarters, where he can ruminate on matters in general. That was quick work. few minutes is a feat by no means com-mon. Weyland could not have knocked the front out of the Granger restaurant more expeditiously had he taken the con-tract to finish the job in a stated time.

FIRE PLUGS. - The officers of the Pioche Fire Department, composed of the Chief Engineer, First and Second Assistants, together with Captain Lub-book, were yesterday employed in the duty of looking to the fire plugs of this camp, oiling, examining and seeing that thing was put in ship-shape so that n trouble would be experienced if a fire should occur these cold nights, of which it is to be hoped there will be no danger

RAYMOND & ELY PAY-DAY.—This theme we suppose is getting to be a tiresome one, but we have to note some mining matters, and anything in relation to money is very interesting at this present moment. The latest advices are that payment will be made on the 15th by that company. This fact, however, we do not youch for.

EPIPHANY FRAST .- The feast of the Epiphany, celebrated to-day, is in comration of the event of the appearance of our Savior to the magians or philosophers of the East, who came to adore Him and load Him with presents, and in which he was transfigured in a glorious epiphany upon the Mount. The sixth of January is supposed to be the date of the transfiguration.

NEW CUTTER,-The proprietor of the Dexter Livery Stables yesterday received by Hugh White's line a new double-seated cutter painted black. It is a first-class article. There is every chance now for the ladies and gents of Pioche to indulge in sleighing to their hearts con-tent. All that is lacking is sufficient

YE THER -In our peregrinations around this "burg" last evening we found that "ye gentle tiger" had found a new lair at the El Dorado Saloon, Main street, kept by Jas. McCormick. There are now three fare games running in town—at Fulks & McAlpins, Wand's and the above named place.

SETTLEMENTS. - A general squaring up of the last year's accounts seems to be the order of the day as far as it can be effected; but owing to matters that are hard of explanation we can not say much in regard to the squaring up being rapidly effected.

FINE SPECIMEN. -- We saw yesterday exhibited by J. B. Van Hagen a fine specimen of ore taken from the Burke mine, on which he has a contract. It is first-class and will work well up in the

PONY MAIL. -Although we visited the resort of many (the postoffice) yesterday, our anxieties were not allayed by hearing of the arrival of the pony. That animal had not put in an appearance at 10 o'clock last night.

COMMISSIONERS. - The County Commissioners held a meeting to-day for the transaction of public business, it being the passing on certain bills laid over at

EPIPHANY .- At the Catholic Church to-day mass will be sung at 10 o'clock, it being the Feast of the Epiphany. The Rev. Father Monteverde will officiate.

the result of which was that coasting was abolished for the time being. We hope to see it resumed, however, in short order, as a broken limb would be a fair item of news. Any one falling on the present slippery sidewalks on Main street would do well by entering a suit for damages against the proprietors of the premises. It seems as though they were not ready to do anything that would be a general benefit to the public at large.

I.O.O.F .- INSTALLATION OF OFFICERS .-At a meeting of Pioche Lodge, No 23, I. O. O. F., held on Tuesday evening, January 4, 1876, the following officers were installed in "regular form" by C. F. Bowen, Worthy D. D. G. M., viz.—R. H. Elam, N. G.; David Cohn, V. G.; D. B. Shankland, R. Sec.; D. A. Fulks, Treasurer; D. Hastings, W.; James D. Martin, C.; James V. Curtis, I. G.; Geo. G. Miller, O. G.; B. F. Wilds, R. S. N. G.; Jeremiah Gerrans, R. S. V. G.; R.

PROTECTION HOSE COMPANY, No. 2 .-We call attention to a polite notice in today's Recond of a meeting of your company to be held on Friday night. A slight attention to the published call will certainly confer a favor on all the officers of the company. Delays in the meeting of public bodies, caused by the the non-arrival of members, is, to say the least, provoking.

WE understand that the de-Camp-ed party spoken of in yesterday morning's RECORD left on one of the wood teams of a livery friend to whom said party owed a pretty fair bill; that the said livery friend had been expecting an early de-parture, but the feminine got the best of him by giving him the slip in the manner

Fine Plus.-We mentioned in another item about the examination of the fire plugs. In starting the water from three of them a delay of half a minute occurred on account of the handles being placed wrong, leading many to suppose they were out of order. They are in good order and the flow of water is

Tompkins, of Cornell, the second. The \$200 prize for the best essay on Dickens and Thackery, went to Frank E. Hath, of Cornell.

Thomas Hughes, invited to be Umpire in the international match between the British and American college oarsmen, in American waters, says the pressing necessity of his every day home duties will prevent his going to the United States, but fervently hopes the contest may take place. His only fear is that some members of the British crew are pecuniarly unable to embrace the occasion, although in spirit they would enthusiastically accept the American chal-

FOREIGN NEWS.

VIENNA, Jan. 4.-The Spanish Cabinet learned from confidential quarters in the middle of December the contents of the circular note of the United States to Enropean powers regarding Cubs. Spain therefore has instructed her representatives to explain to the various governments that the Cuban question was not only of an American, but of European interest, and that the complications between the United States and Spain might have incalculable consequences for Europe. They would encourage the Carlists to make a prolonged resistance and revive the hopes of federalists, republicans and socialists. The Austrian Government received these declarations in a friendly manner and will not reply to a long American dispatch, which was only read to Count Andrassy and which not only repudiates any intention of annexing Cuba, but in reality contains definite conclusion.

LONDON, Jan. 5.-A letter from Ragusa says all information confirms the opinion that not only is the Austrian occupation of the insurrectionary provinces determined on but that some foreign occupation is absolutely necessary as a precaution against the most probable massacre of christians wherever they are unarmed and helpless.

London, Jan. 5 .- Bullion withdrawn from the Bank of England on balance to-day, 63,000 pounds.

Yesterday at Dublin there was a conference of members of the House of Commons who belong to the Home Rule party. They decided to support the Land bill to be introduced by Isaac Butt. The basis of this bill will be a fixity of tenure and fair rents. Butt will also ask leave to introduce a bill making better provision for university education in Ireland. At the close of the Easter recess the attention of the House will be called to the severity of the coercion act. The section of Brazilian cable between

Libon and Maderia is broken. BRUSERLS, Jan. 5 .- Many miners out on a strike have resumed work. The Burgomaster of Louviere denies the strikers used fire-arms in the recent disturbance, or that the disturbances were serious. Troops still patrol the district, though it is not likely their services

will be required. HALF A POUND BARY.—The Dubuque (Iowa) News is pleased to print the following: "On Wednesday, Nov. 24th, Mrs. S. M. Dickson, living within a few miles of Waverly, gave birth to a girl baby that weighed but half a pound.
